

## CHEVRON AUSTRALIA – OPERATIONS

**TITLE:** Independent Surveyor and Tanker Services (U-25648)

**DESCRIPTION:** Chevron Australia (Company) is seeking expressions of interest from service providers able to deliver independent surveyor and tanker services in support of Company Operations.

### Independent Surveyor

The independent surveyor will be required to:

- Conduct measurement and testing of LNG at Area of Operations, as requested by Company.
- Witness activities involved at each loading to determine the quality and quantity loaded, making sure full compliance to the Contract and in accordance with International and Industry standards.
- Identify, resolve and report any non-conformance and/or non-safe practice.

Scope of work to include (but not limited to):

- Pre-Inspection requirements;
- Pre-arrival Inspection – Terminal side;
- Arrival Inspection – LNG vessel;
- Quality Inspection (sampling and analysis) – during loading;
- Departure Inspection – LNG vessel;
- Post Inspection requirements; and
- Other reporting requirement.

### Tanker Services

Tanker services are the provision of a Tanker Safety Officer (TSO) to assist the Pilot/Mooring Master in all aspects of tanker berthing, un-berthing and loading operations.
