

## CLARKE CREEK WIND FARM

### Expression of Interest (EOI)

# Provision of permanent operations and temporary construction office facilities

## General

Clarke Creek Wind Farm (Project) is located within the locality of Clarke Creek, approximately 150km north west of Rockhampton in Central Queensland. The wind farm will involve the construction of up to 195 wind turbines with a maximum tip height of 220m and associated ancillary infrastructure. The life of the wind farm is 25 years.

The project is currently in the final phases of feasibility and design. Construction is planned to start in mid-2019 and be completed by mid-2021.

Goldwind Australia Pty Ltd (Goldwind) has been appointed the delivery partner for this Project. Works may either be contracted directly to Goldwind or their appointed major subcontractors.

## Expressions of Interest

Lacour Energy and Goldwind encourages local businesses interested in the provision of pre-fabricated buildings for use as temporary office or permanent operations facilities for the Clarke Creek Wind Farm to register an expression of interest (EOI) through the ICN Gateway webpage.

## Scope of Work

The high-level scope for this work package includes the following:

### Temporary office facilities

- Supply, install and remove temporary office facilities and ablutions.
- Temporary office facilities are required to be capable of being joined and at a minimum create multiple 12x15m office units. Total construction office workforce estimated at 75.

### Permanent Operations facilities

- Supply and install permanent operational facilities.
- Permanent operations facilities to include office facility (to house 25 permanent staff) in approx. 12x30m configuration with typical modern office facility fit-out including internal ablutions, changerooms, meeting room, data & storage rooms, offices and open plan office space and solar hot water and effective amenities.

### Permanent Operations warehouse

- Supply and install permanent warehouse of approx. dimensions 12m width x 50m length x 6m height.

## Disclaimer

The abovementioned Scope of Work is indicative only and is intended to be used as a summary description of work which may be required by Goldwind and may be subject to change. Full scopes of work will be made available to parties that are invited to tender. There is no undertaking to contract or

proceed to a competitive process implied by this form. Further contact with interested suppliers will be at Goldwind's discretion.
