

## PLUTO LNG TRAIN 2

SR Number: 26221-200-HC5-G00Z-00001

Title: Bussing

Scope of Work: Scope includes the supply and implementation of ground transportation services for an approximately 2,500 person workforce (at peak) at the Project site. Transportation shall be provided between the temporary workforce accommodation and the jobsite twice daily to support usual rostering and any on call requirements for the entire workforce.

Scheduled transportation services will operate daily departing from the temporary workforce accommodation to the jobsite, and from the jobsite to the workforce accommodation.

Scheduled and on call transportation shall also be provided to the local airport consistent with scheduled flights. Scheduled transportation services shall be continuous as to manage the flow of traffic, as well as, ensuring the safety of all site staff. Distance from the temporary workforce accommodation to the jobsite and airport is yet to be confirmed but is anticipated to be no greater than 50km.

Transportation shall also be made available from the temporary workforce accommodation on a scheduled and on-call basis to the town of Karratha, as well as recreational excursions.

Ground transportation shall be new or like new, charter bus type and equipped with air conditioning and seat belts and have a capacity of standard coaches.

Provider will need to maintain a sufficient number of spare buses and drivers to ensure that transportation services will have no delay. Personnel resources provided shall include Management, Drivers, ES&H, Schedulers, Administration and Mechanics to support ground transportation operations and Project requirements.
