Package Title:	Detailed Earthworks & Concrete
Reference:	662NSC4003
Slasb	<p>At the time of publishing this invitation to register an interest, the Scope of Works includes the provision of all resources, support facilities, supervision, labour, transportation, materials, construction plant and equipment, communications and other items necessary for the detailed earthworks and concrete associated with Port Detailed Earthworks & Concrete on the Iron Bridge Magnetite Project, including:</p> <ul style="list-style-type: none"> • greenfields concentrate handling facility piling, detailed earthworks, roads and footings; • brownfields outload facility piling, footings and detailed earthworks within the footprint of existing Anderson Point stockpiles and outload conveyors; and, • magnetite concentrate diversion pond footings. <p>The estimated scope volumes are:</p> <ul style="list-style-type: none"> • Bored Pier Foundations: 2,727m³ • Structural Concrete: 8,000m³ • Slab on Grade: 1,000m³ • Piles: 400m <p>All Works shall comply with Australian Standards.</p> <p>The Iron Bridge Magnetite Project, including this package 662NSC4003 Detailed Earthworks & Concrete is subject to internal approvals. The procurement process or scope, may change at the IB Operations' election, including to accommodate project budget and time requirements.</p>
Expression of Interest (EOI):	<p>IB Operations invites expressions of interest (EOI) from capable and experienced contractors and suppliers, who are safety focused and price competitive for this package 662NSC4003 Detailed Earthworks & Concrete.</p> <p>Interested parties must register an EOI on the ironbridge.icn.org.au</p> <p>EOI Registrants are required to provide the following information as part of its EOI:</p> <ol style="list-style-type: none"> a. an ICN Gateway company profile, current in all material respects; and b. completed Preliminary Prequalification Information.

IRON BRIDGE MAGNETITE PROJECT
PACKAGE 662NSC4003 – DETAILED EARTHWORKS & CONCRETE
SCOPE OF WORK

	IB Operations will use the EOIs to improve its understanding of market capability and interest. Suitable EOI Registrants may be invited to submit a tender for this 662NSC4003 Detailed Earthworks & Concrete .
EOI Closing Date:	18 September 2019
Target Award Date:	At the time of publishing this invitation to register an EOI, April 2020
Project Contact Officer:	All communications in connection with this invitation to register an EOI for this package 662NSC4003 Detailed Earthworks & Concrete , including clarification regarding this package 662NSC4003 Detailed Earthworks & Concrete or request for technical support in connection with the EOI or ICN Gateway, must be submitted to: Linus O'Brien, Principal Supply Chain Consultant Industry Capability Network of Western Australia T: (08) 9365 7556 E: Linus.OBrien@icnwa.org.au
Project URL's:	Details of additional Iron Bridge Magnetite Project opportunities will be published on the ICN Gateway at ironbridge.icn.org.au
Disclaimer:	The information contained in this invitation to register an EOI is indicative only and subject to change at IB Operations' discretion. It is intended to provide a brief outline of the relevant Works which may be required on the Iron Bridge Magnetite Project and should be read in conjunction with the Iron Bridge Magnetite Project Description on the ICN Gateway.
