

Project Overview:	<p>IB Operations Pty Ltd (IB Operations), as agent for the joint venture between FMG Magnetite Pty Ltd and Formosa Steel IB Pty Ltd, is developing a new magnetite mine and associated infrastructure at its Iron Bridge site (Iron Bridge Magnetite Project).</p> <p>The Iron Bridge site comprises the North Star, Eastern Limb, Glacier Valley and West Star magnetite iron ore deposits located in the Pilbara region of Western Australia.</p> <p>The Iron Bridge Project will include the execution of a process plant, non-process infrastructure, a slurry and return water pipelines, a raw water pipeline and port infrastructure to support 22 wmtpa production.</p> <p>Delivery of first ore is expected in the first half of calendar year 2022.</p>
Package Title:	Sample Stations
Reference:	662NSP4005
Package Description:	<p>At the time of publishing this invitation to register an interest, the supply includes the design, manufacture, assembly, surface preparation and treatment, factory testing, disassembly and packaging for transport and loading onto transport, of Sample Stations, including:</p> <ul style="list-style-type: none"> - design and supply of Sample Stations as listed below: <ul style="list-style-type: none"> o Primary Sampler; o Sample Belt Feeder; o Sample Belt Feeder Head Chute; o Sample Belt Feeder Bulk Sample Discharge Chute; o Sample Belt Feeder Load Cells; o Secondary Cutter; o Secondary Cutter Rejects Chute; o Sample Transfer Belt Feeder; o Sample Transfer Belt Feeder Head Chute; o Sample Carousel; - detail design of structural, mechanical, piping, electrical, instrumentation interfaces required for connection by others, including supply of piping matching flanges inclusive of gaskets and bolt set at terminal limits; - centralized lubrication system; - anchor bolt sizing and bolt pattern; - all necessary drive, safety guards; - all necessary instrumentation and control devices and motors; and - ancillary items and all items of material required to complete the supply. <p>Australian Standards apply to this package 662NSP4005 Sample Stations.</p> <p>The Iron Bridge Magnetite Project, including this 662NSP4005 Sample Stations is subject to internal approvals. The procurement process or scope, may change at the IB Operations' election, including to accommodate project budget and time requirements.</p>

Expression of Interest (EOI):	<p>IB Operations invites expressions of interest (EOI) from capable and experienced contractors and suppliers, who are safety focused and price competitive for this package 662NSP4005 Sample Station.</p> <p>Interested parties must register an EOI on the ironbridge.icn.org.au</p> <p>Registrants are required to provide the following information as part of its EOI:</p> <ul style="list-style-type: none"> a. an ICN Gateway company profile, current in all material respects; and b. completed Preliminary Prequalification Information. <p>IB Operations will use the EOIs to improve its understanding of market capability and interest. Suitable Registrants may be invited to submit a tender for this 662NSP4005 Sample Station.</p>
EOI Closing Date:	23 September 2019
Target Award Date:	At the time of publishing this invitation to register an EOI, February 2020
Project Contact Officer:	<p>All communications in connection with this invitation to register an EOI for this package, including clarification regarding this package or request for technical support in connection with the EOI or ICN Gateway, must be submitted to:</p> <p>Linus O’Brien, Principal Supply Chain Consultant Industry Capability Network of Western Australia T: (08) 9365 7556 E: Linus.OBrien@icnwa.org.au</p>
Project URL’s:	Details of additional Iron Bridge Magnetite Project opportunities will be published on the ICN Gateway at ironbridge.icn.org.au
Disclaimer:	The information contained in this invitation to register an EOI is indicative only and subject to change at IB Operations’ discretion. It is intended to provide a brief outline of the relevant Supply which may be required on the Iron Bridge Magnetite Project and should be read in conjunction with the Iron Bridge Project Description on the ICN Gateway.
