

IRON BRIDGE MAGNETITE PROJECT
PACKAGE 662NSC0010 – FREIGHT & LOGISTICS
SCOPE OF WORK

Project Overview:  IB Operations Pty Ltd (IB Operations), as agent for the joint venture between FMG Magnetite Pty Ltd and Formosa Steel IB Pty Ltd, is developing a new magnetite mine and associated infrastructure at its Iron Bridge site (Iron Bridge Magnetite Project).  The Iron Bridge site comprises the North Star, Eastern Limb, Glacier Valley and West Star magnetite iron ore deposits located in the Pilibara region of Western Australia.  The Iron Bridge Magnetite Project will include the execution of a process plant, non-process infrastructure, a slurry and return water pipelines, a raw water pipeline and port infrastructure to support 22 wmtpa production.  Delivery of first ore is expected in the first half of calendar year 2022.  Package Title:  Reference:  662NSC0010  Package Description:  At the time of publishing this invitation to register an interest, the Services include third party logistics services to deliver approximately 700,000 freight tons of process plant equipment, materials and goods (including fabricated steel modules) from global and local collection locations to the Project's sites or delivery locations as directed, over an estimated 16 month period. The scope will include management of laydown facilities near Port Hedland, Western Australia and potentially other warehouse locations.  All Services shall comply with Australian legislation and international standards as required for the importation and safe carriage of freight.  The Iron Bridge Magnetite Project, including this package 662NSC0010 Freight & Logistics.  Interest Logistics is subject to internal approvals. The procurement process or scope, may change at the IB Operations' election, including to accommodate project budget and time requirements.  Expression of Interest (EOI):  a. an ICN Gateway company profile, current in all material respects; and b. completed Preliminary Prequalification Information.  IB Operations will use the EOIs to improve its understanding of market capability and interest. Suitable EOI Registrants may be
