Capability SOW / Questionnaire

1. SCOPE

BAE Systems are seeking Expressions of Interest (EOI) to supply cable identification product for the Hunter Class Frigate Program (HCFP).

BAE has recently been down selected to design and build the Royal Australian Navy's (RAN) future frigates.

The BAE Systems Future Frigate offering, also known as the Hunter Class GCS-A (Global Combat Ship – Australia) is a variant of the British Type 26 GCS (T26).

The Hunter Class Frigates will be built at the ASC Shipbuilding Facility at Osborne, Adelaide, SA.

The purpose of the Capability Questionnaire is to establish the feasibility of prospective Suppliers to provide cable identification products for the HCFP.

The Hunter Class Program will require maximisation of local content in Australia.

Suppliers will be expected to work autonomously within the BAE partnering strategy.

Examples of materials required may include:

* Weidmuller HS-HF series (or equivalent)

- Approx usage of 500,000 per Ship

* Weidmuller THM WO series (or equivalent)

- Approx usage of 200,000 per Ship

2. PRE-QUALIFICATION QUESTIONNAIRE

1. Provide full details of previous major defence, maritime or commercial projects in which your company has delivered cable identification product.
2. Provide details of the company's management organisation structure.
3. Are you an Australian-owned company?
4. Are you an Indigenous company?
 - a. If so, how many Indigenous employees do you have?
 - b. Do you have a Reconciliation Action Plan (RAP) in place?
5. How many full time (permanent) employees are currently employed by your company?
6. How many full time (permanent) employees are indigenous?
7. Provide your annual turnover in Australian Dollars (AUD).
8. State acquired company certification and accreditations.
9. Have you worked on defence contracts before?

Including Capability SOW / Questionnaire

BAE SYSTEMS

10. What State/s do you have these capabilities in?
11. Are you able to supply brand(s) specified or equivalent ?
12. Can you supply technical data and samples if alternative / equivalent product is offered to stated requirement?
13. Would you keep safety or pipeline stock at your facility based on a provided forecast?
14. Are you able to install any required printers and provide training (if reqd) ?
15. Do you have a full time Project Coordinator currently working in your Organisation?
16. Stipulate any further competitive discriminators that have not been identified in the answers to previous questions.
