## Iron Bridge

Project Overview:	IB Operations Pty Ltd ( <b>IB Operations</b> ), as agent for the joint venture between FMG Magnetite Pty Ltd and Formosa Steel IB Pty Ltd, is developing a new magnetite mine and associated infrastructure at its Iron Bridge site ( <b>Iron Bridge Magnetite Project</b> ).
	The Iron Bridge site comprises the North Star, Eastern Limb, Glacier Valley and West Star magnetite iron ore deposits located in the Pilbara region of Western Australia.
	The Iron Bridge Magnetite Project will include the execution of a process plant, non-process infrastructure, a slurry and return water pipelines, a raw water pipeline and port infrastructure to support 22 wmtpa production.
	Delivery of first ore is expected in the first half of calendar year 2022.
Package Title:	West Canning Basin Earthworks
Reference:	662NSC3004
Package Description:	At the time of publishing this invitation to register an interest, the Works include the following:
	<ul> <li>building and subsequent maintenance of approximately 100 km access tracks;</li> <li>some tracks exist already however they will need to be widened and cleared from regrowth in some areas, and new tracks will also be required to be pushed in;</li> <li>all tracks will be cleared and level access tracks to the drill pads;</li> <li>the width should be one loader bucket which is approximately four (4) to five (5) meters wide;</li> <li>existing and new tracks will need regular watering and grading to maintain integrity and ensure that the tracks are fit for driving on with drill rigs and support trucks;</li> <li>dust suppression.</li> <li>The Iron Bridge Magnetite Project, including this package 662NSC3004 West Canning Basin Earthworks is subject to internal approvals. The procurement process or scope, may change at the IB Operations' election, including to accommodate project budget and time requirements.</li> </ul>
Expression of Interest (EOI):	IB Operations invites expressions of interest ( <b>EOI</b> ) from capable and experienced contractors and suppliers, who are safety focused and price competitive for this package 662NSC304 West Canning Basin Earthworks.  Interested parties must register an EOI on the <b>ironbridge.icn.org.au</b> EOI Registrants are required to provide the following information as part of its EOI:  a. an ICN Gateway company profile, current in all material respects; and  b. completed Preliminary Prequalification Information.  IB Operations will use the EOIs to improve its understanding of market capability and interest. Suitable EOI Registrants may be invited to submit a tender for this 662NSC3004 West Canning Basin Earthworks.
EOI Closing Date:	28 November 2019

## IRON BRIDGE MAGNETITE PROJECT PACKAGE 662NSC3004 – WEST CANNING BASIN EARTHWORKS SCOPE OF WORK

Target Award Date:	At the time of publishing this invitation to register an EOI, January 2020.
Project Contact Officer:	All communications in connection with this invitation to register an EOI for this package 662NSC3004, including clarification regarding this package 662NSC3004 or request for technical support in connection with the EOI or ICN Gateway, must be submitted to:
	Linus O'Brien, Principal Supply Chain Consultant
	Industry Capability Network of Western Australia
	T: (08) 9365 7556
	E: Linus.OBrien@icnwa.org.au
Project URL's:	Details of additional Iron Bridge Magnetite Project opportunities will be published on the ICN Gateway at <b>ironbridge.icn.org.au</b>
Disclaimer:	The information contained in this invitation to register an EOI is indicative only and subject to change at IB Operations' discretion. It is intended to provide a brief outline of the relevant Services which may be required on the Iron Bridge Magnetite Project and should be read in conjunction with the Iron Bridge Magnetite Project Description on the ICN Gateway.
