

## ALLSEAS AUSTRALIA – Barossa Gas Export Pipeline

### Title:

Supply of sacrificial pipeline anodes

### Description:

Expressions of interest are being sought from contractors able to supply services and/or equipment in support of the Barossa Gas Export Pipeline Installation scope.

### Scope:

Allseas requires contractors with the capability to supply the following subsea pipeline anodes:

- Total quantity approx. 2,900 Bracelet type anodes
- Anodes to suit pipeline with outside diameters of 671mm and 679mm;
- Net weights ranging from 139kg to 337kg.

All anodes shall be supplied to a yet to be confirmed location is Southeast Asia in Q3 2020.

Contractors must have the capability to provide Quality assurance and Control including:

- ISO 10474 3.1 or EN 10204 3.1 certification;
- Full traceability of all materials, consumables and associated manufacturing equipment;
- Inspectors qualified to a recognised industry standard;
- Previous experience, or project management personnel with previous experience, in the Offshore Oil and Gas Industry.

### Expression of Interest Instructions

***This is a request for specific expressions of interest only. Contractors will be considered for future follow up if suitably qualified against this package.***

Contractors are to express interest via ICN Gateway where competency can be demonstrated. Electronic EOIs will be accepted for Full Scope and/or Partial Scope.

Note that an important part of the project registration process is to register an Expression of Interest at the correct Scope level.

Scope level definition:

**Full scope:** Able to produce / supply all of the package.

**Partial scope:** Able to produce / supply one or more of the sub-packages.

Contractors will only be considered for Prequalification to Tender if deemed suitably qualified by Allseas.

All initial enquiries can be made through the Industry Capability Network, including assistance with EOI submissions on ICN Gateway.
