

Scope of Work for ICN Gateway Scarborough Floating Production Unit

Package Name	Shell and Tube Heat Exchangers
Package Number	R3868-MR-11210-01
Scope of Supply	<p>1E34001 1 No. Gas-Gas Heat Exchanger (5146 sqmtr) 2E34001 1 No. Gas-Gas Heat Exchanger (5146 sqmtr) 3E34001 1 No. Gas-Gas Heat Exchanger (5146 sqmtr) 1E34001/2E34001/3E34001 Spray nozzle 3 LOTS Spray nozzles for MEG Injection 1E34001/2E34001/3E34001 Spare Parts 3 LOTS Start-up & commissioning spare parts for Gas-Gas Heat Exchanger 1E34001/2E34001/3E34001 Baseplate Stud Bolts 3 LOTS Baseplate stud bolts with four (4) nuts and washers per stud bolt for Gas-Gas Heat Exchanger</p> <p>Package comprising: Complete Instrumentation, Wiring And Junction Boxes for remote operation Material handling, lifting/removal provision Detailed drawings Surface Preparation And Painting Packing and Delivery Drawings and Documentation per SDR Pre-commissioning, Commissioning and Construction Spare Parts Special Tools for installation, commissioning /start-up, inspection and testing, maintenance and lifting, if required. Participation at HAZOP, 3D- Model reviews, SIL reviews, Safety reviews, etc. as per project and authority requirements Authority and third party approval, including DNVGL classification certification as applicable</p> <p>Options Supervision of Installation and commissioning per diem basis One (1)-year of operational and maintenance spare parts Capital / Insurance Spare Parts (see chapter 5.1 and 17.0) Training (see chapter 24) Aftermarket Support Contract Options to be defined by Supplier for consideration by Company and Contractor Technical Improvements and Upgrades to address OEM field/fleet lessons learnt and OEM improvement programmes List of options and variations offered on the Standard Package Vendor "remote monitoring and diagnostics" technology. Quote for thermal (spectral analysis) camera system for Flame monitoring. Also supplier to recommend, if an alternative methodology needs to be adopted for flame monitoring.</p>
