Iron Bridge

Project Overview:	IB Operations Pty Ltd (IB Operations), as agent for the joint venture between FMG Magnetite Pty Ltd and Formosa Steel IB Pty Ltd, is developing a new magnetite mine and associated infrastructure at its Iron Bridge site (Iron Bridge Magnetite Project).
	The Iron Bridge site comprises the North Star, Eastern Limb, Glacier Valley and West Star magnetite iron ore deposits located in the Pilbara region of Western Australia.
	The Iron Bridge Magnetite Project will include the execution of a process plant, non-process infrastructure, a slurry and return water pipelines, a raw water pipeline and port infrastructure to support 22 wet metric tonnes per annum production.
	Delivery of first ore is expected in the first half of calendar year (CY) 2022.
Package Title:	Drilling Consumables
Reference:	NSC0027
Package Description:	At the time of publishing this invitation to register an interest, the Supply for this package required includes:
	 supply of drill and blast consumables; continuous product development and testing to enhance productivity; site support by application specialists; detailed reporting; forecasting; and provision of off-site and on-site technical services support.
	Indicative timeframes for each portion of work: target commencement fourth quarter CY2020 for when goods, equipment and personnel will be required onsite for the commencement.
	Relevant standards, codes and guides including Australian standards and equivalent ISO apply to this package NSC0027 - Drilling Consumables.
	The Iron Bridge Magnetite Project, including this package NSC0027 - Drilling Consumables is subject to internal approvals. The procurement process or scope, may change at the IB Operations' election, including to accommodate project budget and time requirements.
Expression of Interest (EOI):	IB Operations invites expressions of interest (EOI) from capable and experienced contractors and suppliers, who are safety focused and price competitive for this package NSC0027 - Drilling Consumables .
	Interested parties must register an EOI on the ICN Gateway: ironbridge.icn.org.au
	EOI Registrants are required to provide the following information as part of its EOI:
	a. an ICN Gateway company profile, current in all material respects; and
	b. completed Preliminary Prequalification Information.
	IB Operations will use the EOIs to improve its understanding of market capability and interest. Suitable EOI Registrants may be invited to submit a tender for this NSC0027 - Drilling Consumables.
EOI Closing Date:	9 March 2020

Iron Bridge

IRON BRIDGE MAGNETITE PROJECT
PACKAGE NSC0027 - DRILLING CONSUMABLES
SCOPE OF WORK

Target Award Date:	At the time of publishing this invitation to register an EOI, June 2020.
Project Contact Officer:	All communications in connection with this invitation to register an EOI for this package NSC0027 - Drilling Consumables, including clarification regarding this package NSC0027 - Drilling Consumables or request for technical support in connection with the EOI or ICN Gateway, must be submitted to:
	Linus O'Brien, Principal Supply Chain Consultant
	Industry Capability Network of Western Australia
	T: (08) 9365 7556
	E: Linus.OBrien@icnwa.org.au
Project URL's:	Details of additional Iron Bridge Magnetite Project opportunities will be published on the ICN Gateway at ironbridge.icn.org.au
Disclaimer:	The information contained in this invitation to register an EOI is indicative only and subject to change at IB Operations' discretion. It is intended to provide a brief outline of the relevant Supply which may be required on the Iron Bridge Magnetite Project and should be read in conjunction with the Iron Bridge Magnetite Project Description on the ICN Gateway.
