Quality Water Treatment and Chemical Solutions

KALYU supplies a wide range of quality water treatment and chemical solutions. We pride ourselves on effective, alternative products that minimise environmental harm.

Correct and timely use of the right chemicals can enhance the working life of equipment, lessen downtime and reduce operating and maintenance costs.

Chemical solutions can be customised to meet client requirements, in client-specified volumes. Our comprehensive range of high-quality raw materials is blended locally in ISO-accredited facilities.

Summary

KALYU Pty Ltd is an Indigenous owned and operated business servicing all industries across Australia with a wide range of water treatment, chemical and consumable

solutions.

Our chemicals are manufactured locally in ISO-accredited facilities, with a focus on environmentally-friendly products.
