CSThire, was established in 2016 by directors John Wilton and Nick Barnsdall. With a combined 45 years' experience in vehicle and equipment hire to the construction and private sectors, they lead a small, dedicated and committed team. We are proud to be the 'Go-To vehicle hire company for our clients.

Our fleet consists of quality, fully maintained and serviced vehicles and trucks. As a 'service based' business we are committed to being responsive to our clients' needs. CSThire strives to be a complete vehicle supplier in one of the most important sectors within Australia. By listening to their clients and tapping their extensive industry experience the Directors are developing a fleet of project trucks offering clients an efficient and cost-effective project fleet.

All our fleet and consumable products supplied by CSThire meet Australian and International Standards and are fully backed by CSThire and the manufacturers.

Summary

CST Hire are a project truck & vehicle hire company based in Brisbane QLD.

Our fleet consists of a wide range of trucks including: fuel & service trucks, tippers, water carts, crane trucks & tilt trays etc.

The PSSS product range covers all aspects of pipeline and facilities construction, fabrication, maintenance and shutdowns.

We offer both sale and rental options on almost all our range with a focus on product development.

Description

CSThire, was established in 2016 by directors John Wilton and Nick Barnsdall. With a combined 45 years' experience in vehicle and equipment hire to the construction and private sectors, they lead a small, dedicated and committed team. We are proud to be the 'Go-To vehicle hire company for our clients.

Our fleet consists of quality, fully maintained and serviced vehicles and trucks. As a 'service based' business we are committed to being responsive to our clients' needs.

CSThire strives to be a complete vehicle supplier in one of the most important sectors within Australia.

By listening to their clients and tapping their extensive industry experience the Directors are developing a fleet of project trucks offering clients an efficient and cost-effective project fleet.

All our fleet and consumable products supplied by CSThire meet Australian and International Standards and are fully backed by CSThire and the manufacturers.

We provide product familiarisation training for all our fleet including Hiab, water, fuel, tilt and service modules.

CSThire is constantly growing its fleet and have the capability to supply short term and long-term hires, single vehicle hires through to project fleets requiring over 100 vehicles. We mobilise vehicles throughout Australia and regularly mobilise vehicles to remote locations and sites.

- Water trucks - Dual Cabs - Fuel Trucks
- > 7-18 Seater Buses - Service Trucks

Facilities and Equipment

- > A storage and workshop facility
- > Fabrication facilities
- > NATA certified calibration and testing
- > Vehicle servicing, equipment maintenance

Previous Significant Projects

2018

**Halladle Project & Moomba
\$500,000**

Client: McConnell Dowel

Pipelayers, pipe bending machine, roller cradles, welding clamps, consumables. Cold cutting machines, pipeline pigs, trenchers, weld rigs.

Project ongoing.

2018

**VNIE 3
\$250,000**

Client: Speicapage Lucas

Pipelayers, pipe bending machine, roller cradles, welding clamps, consumables.
Crane Trucks, 4x4 utes.

Project ongoing.

2018

**Wentowrth to Broken Hill Water Pipeline
\$4,000,000**

Client: MPC - John Holland

Provide entire vehicle fleet including trucks for the water pipeline project and provide on site maintenance. Over 130 vehicles on site for 12 months.

2015

**Eastern Gold Fields Project
\$500,000**

Client: Spiecapag Lucas

Roller Cradles, lowering slings and belts, instrumentation.
Project ongoing.
Crane Trucks, 4x4 utes.

2015

**QGC Project
\$2,500,000**

Client: Murphy Pipe and Civil

Welding clamps, roller cradles, pigs, consumables.
Fuel Trucks, Crane Trucks, Service Trucks, Water Trucks, Tilt Tray Trucks 4x4 Utes.

2014

**Inpex
\$500,000**

Client: UGL/Kents, Monadelphous

Pipeline roller cradles, welding clamps, flange facing machines, hydraulic tensioners, pipe cutting and bevelling, flanges and fittings, pipe stands.

Supply of goods continuing for sale and plant hire.

2013

**APLNG
\$500,000**

Client: MCJV

Pipelayers, roller cradles, welding clamps, consumables, pigs.
