1. Purpose of the Document

AERIUS Marine GmbH are seeking Expression of Interest (EOI) in support of delivering HVAC related equipment and services to BAE Systems Australia / ASC Shipbuilding Pty for the Hunter Class Frigate Programme.

AERIUS Marine are specialist integrators of Marine HVAC, CBRN, Piping, Refrigeration and Fire Protection Systems for complex Combat and Non-Combat Ships, Cruise Ships and Luxury Yachts, and are currently engaged as a key supplier to the Global Combat Ship programme.

As a result, we are seeking information from Australian Small to Medium Enterprises (SMEs) with various capabilities that may enable them to become a future supplier or partner able to form part of our Australian supply chain and assist the development of our local capability.

Businesses that can demonstrate some or all of the skills/capabilities sought within the EOI will be approached directly by AERIUS Marine GMBH for further discussions. This may in future require entry into Non-Disclosure-Agreements and/or export control agreements as necessary to fully develop the understanding of how we may be able to better understand the potential benefit of each businesses key capabilities.

Respondents should note that information contained within the EOI is subject to change and should not be relied on by respondents as final or definitive.

2. Scope of this EOI

2.1 HVAC Air Diffusers & sheet metal componentry

- To provide various types and sizes of typical HVAC in line duct components in high volume.
- Examples are as follows:
 - Volume control dampers
 - Manual shut-off dampers
 - Non-return dampers
 - Wire mesh grills
 - Air diffusers
 - Flash proof screens

2.2 Fabrication of bespoke assemblies

- To fabricate bespoke assemblies such as valve control panels (various DN sizes)

3. Pre-Qualification Questionnaire

The following pre-qualification questions and additional details must be completed. Please refer to the ICN online form for completion.

- 1) Have you updated your ICN company profile with your Products & Services, Accreditations & Compliances, Contact Details, Employee numbers and Indigenous Ownership?
- 2) Please confirm the state in which your primary business is based
- 3) Are you a wholly owned Australian company? If no, please provide details.
- 4) Are you an Indigenous company?
- 5) What are your business core competencies & capabilities & the specific products or services you would like to offer this project.
- 6) Please provide full details of recent experience relevant to the products / services your company is involved in.
- 7) Please provide details of any involvement in previous major defence, maritime or commercial projects.
- 8) Please provide the number of Indigenous / Aboriginal / Torres Islander employees your organisation has. (Stipulate Full Time and Part Time)
- 9) Please provide any additional information which provides details of the company which may distinguish you from others.

Please take note of the Expression of Interest closing date – 22nd July 2020.
