Latrobe Valley Enterprises (LVE) is a social enterprise, providing meaningful employment opportunities for people with disabilities and we're committed to inclusive procurement options that deliver positive social, environmental and financial outcomes to the community and our partners.

We provide commercially viable services across Recycling and Secure Document Destruction, Commercial Grounds Maintenance, Business Support Services and Signmaking. We service National companies along with Federal Government contracts and we can assist organisations to meet the requirements of the Victorian Social Procurement Framework.

Summary

85% of our workforce have disabilities and we work with customers to deliver commercial, environmental and social outcomes through Recycling and Secure Document Destruction, Commercial Grounds Maintenance, Business

Support Services and Signmaking. We service large National companies and several Federal Government departments and contracts.

Description

We have been in business for over 53 years providing our quality products and services.

We produce all Australian made signs, (Australian standard). Our sign making department supply braille and safety signage, including Road signs to small and major projects across Australia. We manufacture all of our products locally in Morwell, Victoria. This makes it easy for us to customise the signs to your specific needs.

LVE have supplied safety signage to major projects such as the Level Crossing Removal Project, Avon River Bridge, South Gippsland Highway realignment and Metro Tunnel

Project in Melbourne, Victoria. We also supply multiple government departments with name badges and desk bars.

Business Support Services offers a variety of services that include mail collation, promotional show bags and presentation folders assembly, literature collation, envelope stuffing and labelling, packaging and assembly services, component assembly and kitting.

We have previously completed work for local businesses as well as major expos and conferences at Melbourne Exhibition Centre and can handle large volume fulfilment.

Our Grounds Maintenance team undertake environmental weed control, vegetation management, landscaping, grounds maintenance fuel load reduction works and manage commercial grounds for local hospitals, aged care centres and funeral homes, industrial properties including power stations. Our team hold post-trade qualifications in horticulture, and can advise you on all aspects of lawn,

garden, tree and shrub care.

Our Recycling and Secure Document Destruction team process cardboard, paper, books, magazines, catalogues, and soft plastics. And they process on-site or off-site secure document destruction services. All of our product is recycled.
