

# Cross River Rail – Tunnels & Stations

## Expression of Interest (EOI)

### Blockwork

#### General Description

CPB Contractors, BAM, Ghella and UGL Joint Venture (CBGU D&C JV), has been appointed the principal design and construction contractor for the Tunnel and Stations package of the Cross River Rail project, which includes:

- Four new, state-of-the-art underground stations at Boggo Road, Woolloongabba, Albert Street and Roma Street and an upgrade of the Dutton Park station
- A 10.2km rail line from Dutton Park to Bowen Hills, which includes 5.9 kilometres of twin tunnels under the Brisbane River and Brisbane CBD

With major construction expected to be completed in late 2024, Cross River Rail will unlock the bottleneck at the core of Brisbane's transport network, allowing more trains to run more often and integrating with new roads and bus services allowing future network growth in the region.

The project will increase public transport network services, their connectivity and encourage more people to use public transport, helping to ease congestion on major arterial roads.

Cross River Rail will also be one of Queensland's most important job generating projects and will support economic growth and employment for Queenslanders for years to come.

#### Expressions of Interest

CBGU D&C JV encourages local businesses interested in **Blockwork** to register an expression of interest (EOI) through the ICN Gateway webpage, this EOI may be used for a whole package or multiple packages across precinct sites. CBGU D&C JV will use this EOI process to seek suitably qualified vendors to undertake these works and selected pre-qualified vendors will be Invited to Tender where a more detailed Works Scope will be made available.

#### EOI Scope Requirements

The Scope of Work may include:

- The supply of concrete blockwork walling and accessories
- The provision of all necessary plant, material and labour to install blockwork walling at the various project locations:
  - 190mm core filled Blockwork – Approx. 30,000m<sup>2</sup>
  - 290mm core filled Blockwork – Approx. 200m<sup>2</sup>
  - 390mm core filled Blockwork – Approx. 50m<sup>2</sup>

**Location of works:** Brisbane

<b>Precinct Site:</b>	Roma St, Albert St, Woolloongabba and Boggo Rd
<b>Forecast Award Date:</b>	From March 2021
<b>Delivery Schedule:</b>	It is anticipated that these works will be required on site from May 2021 and progressively ramped up to all precinct sites through 2021.

## Disclaimer

Scope of Work is indicative only and is intended to be used as a summary description of work which may be required by CBGU D&C JV and may be subject to change. Full scopes of work will be made available to parties that are invited to tender. There is no undertaking to contract or proceed to a competitive process implied by this form. Further contact with interested suppliers will be at CBGU D&C JV's discretion following successful vendor pre-qualification.
