

Title:

Subsea Structure Fabrication

Description:

Expressions of interest are being sought from CONTRACTORS able to supply services and/or equipment in support of the Barossa Gas Export Pipeline Installation Scope.

Scope:

Allseas requires CONTRACTORS with the capability to fabricate the following subsea structures:

- 2 Pipe Line End Termination (PLET) structures

CONTRACTOR's fabrication facility shall have the capability to safely handle and fabricate structures of up to approx. 150 metric tons with footprints up to 30m by 20m. Fabrication will commence in Q3 2021.

Allseas is interested in expressions from the whole of Australia.

CONTRACTORS must have the capability to provide Quality Control including:

- Full traceability of all materials, welds, consumables and associated calibrated equipment;
- Inspectors qualified to a recognised industry standard;
- Previous experience, or project management personnel with previous experience, in the Offshore Oil and Gas Industry.

Expression of Interest Instructions

This is a request for specific expressions of interest only. CONTRACTORS will be considered for future follow up if suitably qualified against this package.

CONTRACTORS are to express interest via ICN Gateway where competency can be demonstrated. Electronic EOIs will be accepted for Full Scope and/or Partial Scope.

Scope level definition:

Full scope: Able to produce / supply all of the package.

Partial scope: Able to produce / supply one or more of the sub-packages.

Contractors will only be considered for Prequalification to Tender if deemed suitably qualified by Allseas.

All initial enquiries can be made through the Industry Capability Network, including assistance with EOI submissions on ICN Gateway.
