

Barossa Offshore Project

Reference No:	RFP680_Offshore Cementing Services
Title:	Provision of Offshore Cementing Services for Barossa Development Campaign
Scope of Work:	<p>Provision of: Cementing Services to support the drill, complete and flow 6 subsea production wells 300 kilometres north of Darwin, Northern Territory, within the Bonaparte Basin, located in the Timor Sea. Consisting of:</p> <ol style="list-style-type: none">1. Wells technical details (subject to change):<ol style="list-style-type: none">a) 7" x 8-5/8" well completionsb) 5,600mMD, 4050mTVD (notional)c) Wells directional with inclination up to 75°d) 240-260m water depthe) 3 manifolds, 2 Wells per manifoldf) Planned casing configuration and Job type:<ol style="list-style-type: none">(i) 36" Conductor (42" hole) – Inner string(ii) 24" structural casing (30" hole) – Inner string(iii) 16" surface casing (20" hole) – Top and Bottom plug, SSR(iv) 11 7/8" x 9 5/8" Production casing (14-3/4" hole) – Top and Bottom plug, SSR(v) 7" pre-perforated liner (8-1/2" hole)2. Cementing Services includes provision of:<ol style="list-style-type: none">a) Personnel competent to complete the job objectives. Inclusive of field based and onshore engineering / technical support resources.b) Cementing unit – min 15,000psic) Cement unit manifold and lines – min 15,000psid) Cementing ancillary equipmente) Cementing services tools and equipmentf) Cement design capabilities to develop a program that supports cement job objectivesg) Cement, additives, and chemicals in sufficient quantities to meet job objectives with contingencyh) Cement slurry testing capabilities3. Schedule (subject to change):<ol style="list-style-type: none">a) Contract Award: Q3 2021b) No earlier Spud: Q2 2022c) No later Spud: Q2 2023
Objectives:	<p>The main objectives for this source of interest and information are to:</p> <ol style="list-style-type: none">1. Explore Service Providers ideas or recommendations in the area of offshore cementing services of the intended scope of work; to identify efficiency opportunities, via innovative practices and adoption of innovative technologies.2. Enable Santos to gather the latest market information on offshore cementing services that conform to the offshore well specifications identified in the scope of work.
<p>Project Registration</p> <p>Santos is committed to ensuring Australian Industry full, fair and reasonable opportunity to participate in the Barossa Project. Expressions of Interest are invited from contractors and suppliers with the relevant capability and capacity to undertake the scope of work.</p> <p>This is a request for specific expressions of interest. Contractors and suppliers will be considered for prequalification and tender if suitably qualified against this package.</p> <p>Note that an important part of the project registration process is to register an Expression of Interest at the correct Scope level.</p>	

Scope level definition:

Full scope: Able to produce / supply all of the package.

Partial scope: Able to produce / supply one or more of the sub-packages.

All registrations are to be completed via ICN Gateway BarossaOffshore.icn.org.au. Please contact the ICNNT if registration assistance is required. Contact details: (08) 8922 9422 or admin@icnnt.org.au.
