## 1. INTRODUCTION

BAE Systems Maritime Australia are seeking Expressions of Interest (EOI) to supply ships with Ships General Furniture for the Hunter Class Frigate Program (HCFP).

BAE Systems Maritime Australia has been contracted to design and build nine future frigates for the Royal Australian Navy (RAN). The BAE Systems Future Frigate offering, also known as the Hunter Class GCS-A (Global Combat Ship – Australia) is a variant of the British Type 26 GCS (T26).

The Hunter Class Frigates will be built at the BAE Systems Maritime Australia Facility in Osborne, South Australia. The program requires maximisation of Australian content.

Cut Steel for Prototyping took place in December 2020 and First of Class is due in December 2022.

A Request for Tender (RFT) will be sent to down selected parties that have expressed interest closer to this time.

## 2. SCOPE

The purpose of the Capability Questionnaire is to establish the feasibility of prospective industrial partners to supply Ships General Furniture for the Hunter Class Frigate Program (HCFP). The HCFP will require maximisation of local content in Australia. Suppliers will be required to supply Ships General Furniture that is suitable for life of the Ship, 35 years.

The scope of requirements includes the supply of commercial off the shelf (COTS) parts and a level of customisation to be completed by the supplier. A summary of the parts required is below (further requirements may arise as build progresses):

|                               |                                     |
|-------------------------------|-------------------------------------|
| Bar Stool                     | Gangway Sentry Folding Chair        |
| Breakglass Keypad             | GU 10 Spotlight                     |
| Cabin folding stool           | Medical Folding Chair               |
| Cap and Coat Hook             | Medical Folding Stool               |
| Clock 9-inch Battery Operated | Office Chair Swivel with Arms       |
| Dining Chair with Arms        | Single Easy Chair                   |
| Dual Magnetic Noticeboard     | Stackable Dining Chair without Arms |
| Folding Chair                 | Workbench Stool                     |

### 3. MATERIALS

Items such as office chairs, dining chairs and bar stools are to be supplied with a black hard wearing material cover to the cushioned aspects, which is certified for use on RN Ships.

Stainless steel nuts, bolts and washer (of appropriate grade) to be used in lieu of steel items.

Structural materials for equipment will be subjected to shock testing.

Equipment components shall not be made of brittle materials likely to shatter when subjected to the acceleration levels defined above.

All fittings must be manufactured to prevent any rattles, i.e. there must be no loose parts which can move under excitation such as fluid flow or seaway motion.
