

ALLSEAS AUSTRALIA – Barossa Gas Export Pipeline

Title:

Supply of Subsea Pipeline Flooding, Gauging, Cleaning and Testing Services

Description:

Expressions of interest are being sought from CONTRACTORS able to supply services and equipment in support of the Barossa Gas Export Pipeline Installation Scope.

Scope:

Allseas requires CONTRACTORS with the capability to supply the following for subsea pipeline flood, gauging, cleaning and testing works:

- Project management, engineering and planning of all works;
- Flooding, Cleaning and Gauging of COMPANY installed pipeline in accordance with specifications and datasheets;
- Hydrostatic Testing of COMPANY installed pipeline in accordance with specifications and datasheets;
- Dewatering of COMPANY installed pipeline in accordance with specifications and datasheets;
- Conditioning of COMPANY installed pipeline in accordance with specifications and datasheets;
- PLET ball valve leak test as part of PLR removal in accordance with specifications and datasheets;
- Provision of a flooding spread on a call off basis to cater for a wet buckle scenario during installation of the pipeline;
- Provision of a dewatering spread on a call off basis to cater for a wet buckle scenario during installation of the pipeline;
- Supply of chemicals including (but not limited to) MEG, seawater chemical treatment, dyes for subsea lead detection and fresh water.

CONTRACTORS must have the capability to provide Quality assurance and Control including:

- CONTRACTOR shall be a NATA endorsed body;
- Full traceability of all materials, consumables and associated manufacturing equipment;
- Be able to meet the requirements set out in DNVGL-RP-F115 and DNVGL-OS-F101 (2017).

Expression of Interest Instructions

This is a request for specific expressions of interest only. CONTRACTORS will be considered for future follow up if suitably qualified against this package.

CONTRACTORS are to express interest via ICN Gateway where competency can be demonstrated. Electronic EOIs will be accepted for Full Scope and/or Partial Scope.

Note that an important part of the project registration process is to register an Expression of Interest at the correct Scope level.

Scope level definition:

Full scope: Able to produce / supply all of the package.

Partial scope: Able to produce / supply one or more of the sub-packages.

Contractors will only be considered for Prequalification to Tender if deemed suitably qualified by Allseas.

All initial enquiries can be made through the Industry Capability Network, including assistance with EOI submissions on ICN Gateway.
