	 3. Schedule (subject to change): a) Contract Award: Q1 2022 b) No earlier Spud: Q2 2022 c) No later Spud: Q3 2022 	
Objectives:	 The main objectives for this source of interest and information are to: 1. Explore Service Providers ideas or recommendations in the area of rig positioning services of the intended scope of work; to identify efficiency opportunities, via innovative practices and adoption of innovative technologies. 	
	2. Enable Santos to gather the latest market information on rig positioning service	

Barossa Project. Expressions of Interest are invited from contract capability and capacity to undertake the scope of work.

This is a request for specific expressions of interest. Contractors and suppliers will be considered for prequalification and tender if suitably qualified against this package.

Note that an important part of the project registration process is to register an Expression of Interest at the correct Scope level.

Scope level definition:

Full scope: Able to produce / supply all of the package. **Partial scope**: Able to produce / supply one or more of the sub-packages.

All registrations are to be completed via ICN Gateway <u>BarossaOffshore.icn.org.au</u>. Please contact the ICNNT if registration assistance is required. Contact details: (08) 8922 9422 or <u>Resources@icnnt.org.au</u>.
