

## Barossa Offshore Project

Reference No: RFP994\_Barossa Rig Campaign Satellite Communication Services

Title: Valaris MS-1 Satellite Communication Services

Scope of Work: Provision of satellite communication services is support of the company's Barossa drilling program in the Bonaparte Basin. Scope of Work includes but not limited to:

- Provision of an end-to-end secure satellite service from the Valaris (MS1) back to the Santos Data Centre in Perth. This will include the provision of the satellite service back to an earth station in Valaris' teleport location in Perth along with a suitable circuit back to the Santos data centre in Perth.
- Documentation of network setup upon completion of commissioning phase.
- Testing and commissioning of the complete network from the Rig into the Santos corporate network.
- 24 x 7 monitoring and support for the service throughout the campaign.
- Provision of equipment spares on the MS1 and in Perth.
- Allowance for offshore visit by Contractor to ensure equipment is operating correctly.

Schedule (subject to change):

- a) Contract Award: Q1 2022
- b) No earlier Spud: Q2 2022
- c) No later Spud: Q3 2022

Objectives: The main objectives for this source of interest and information are to:

1. Explore Service Providers ideas or recommendations in the area of rig positioning services of the intended scope of work; to identify efficiency opportunities, via innovative practices and adoption of innovative technologies.
2. Enable Santos to gather the latest market information on rig positioning services conform to the offshore well specifications identified in the scope of work.

### Project Registration

Santos is committed to ensuring Australian Industry full, fair and reasonable opportunity to participate in the Barossa Project. Expressions of Interest are invited from contractors and suppliers with the relevant capability and capacity to undertake the scope of work.

This is a request for specific expressions of interest. Contractors and suppliers will be considered for prequalification and tender if suitably qualified against this package.

Scope level definition:

**Full scope:** Able to produce / supply all of the package.

All registrations are to be completed via ICN Gateway [BarossaOffshore.icn.org.au](http://BarossaOffshore.icn.org.au). Please contact the ICNNT if registration assistance is required. Contact details: (08) 8922 9422 or [admin@icnnt.org.au](mailto:admin@icnnt.org.au).
