Industry Capability Network Limited (ICNL)

Industry Capability Network (ICN) is a network of experienced industry procurement and supply chain specialists who connect Australian and New Zealand businesses to projects large and small.

Our role is to find the suppliers and service providers who are best equipped to meet the requirements of hundreds of projects across Australia and New Zealand.

Every day we work with local suppliers and project managers to help save valuable time and money in the procurement process. We also help to secure billions of dollars in contracts and jobs that may otherwise have gone overseas.

If you're a major project developer, we can put you in contact with the best suppliers. If you're a supplier, we can connect you with the best projects planned or already underway across Australia and New Zealand - and around the world
