New Zealand: East Tamaki Auckland, North Shore Auckland, Takanini Auckland, Hamilton, Christchurch, Palmerston North, Hastings and Penrose.

Summary

Amare Safety commenced operations as a supplier of personal protective safety equipment and associated products and services in the Australian market in 1985. It now stands in the marketplace as the leading privately owned Safety House in Australia. This has been achieved through continually refining and improving on our service offering, as well as bringing to the market new products and services from the worlds leading product producers.

Amare Safety has always striven to maintain its two key objectives since the company was established, that is:

To provide the highest levels of customer service in the industry.

To provide our customers with access to the widest choice of the best Personal Protective Safety Equipment on the market, at reasonable and competitive prices.

Amare Safety recognises that personal protective safety equipment is just that, personal. It is worn by an individual for their personal protection against injury or exposure to hazardous environments
