ONSITE RENTAL GROUP OPERATIONS PTY LTD

CLOSE TO THE ACTION.

With 35+ branch locations across the nation, Onsite Rental Group is positioned better to deliver solutions to your project.

UNDERSTANDING THE NATURE OF WORK

Onsite understands the nature of plant life and the associated focus on productivity, innovation and support. We have been listening to the needs of our customers and working tirelessly to ensure our business model meets those needs

FLEET AGE PROFILE

We have a fleet range with an age profile of less than 4 years old so you can rely on the equipment. It will work harder for longer to align with your productivity needs and assist in reducing downtime.

CONTINUOUS IMPROVEMENT

We have some of the most technological advanced equipment featuring a wide range of value add benefits so you explore that continuous improvement through us.

Our systems are also developing faster and smarter than anyone.

Summary

Onsite Rental Group 'Onsite' is a specialist B2B equipment rental business. We have over 30 years' experience in this industry, with 490+ employees, across 35+ branches and targeted co-locations. With one of the largest B2B fleet of equipment, our strategically placed national branch network ensures

we can fulfil our customers' rental plant and machinery requirements wherever their next project is located, whilst remaining nimble enough to support local projects.

ONSITE RENTAL GROUP OPERATIONS PTY LTD

Description

CLOSE TO THE ACTION.

With 35+ branch locations across the nation, Onsite Rental Group is positioned better to deliver solutions to your project.

UNDERSTANDING THE NATURE OF WORK

Onsite understands the nature of plant life and the associated focus on productivity, innovation and support. We have been listening to the needs of our customers and working tirelessly to ensure our business model meets those needs

FLEET AGE PROFILE

We have a fleet range with an age profile of less than 4 years old so you can rely on the equipment. It will work harder for longer to align with your productivity needs and assist in reducing downtime.

CONTINUOUS IMPROVEMENT

We have some of the most technological advanced equipment featuring a wide range of value add benefits so you explore that continuous improvement through us. Our systems are also developing faster and smarter than anyone. GPS control, remote control, phone apps, email alerts, desktop apps, integrated reporting all designed to give you more control.

24/7 SERVICE & SUPPORT

We have dedicated field service teams running routines to fit our customers needs. Scheduled servicing, callout servicing, technical expertise on call, product training, product management, product consultation; from the time the equipment arrives, till the time it leaves, we will be there even when you're not.

TECHNICAL EXPERTISE.

We have people that have spent over 30 years in the plant, equipment & rental industry. That combination of our knowledge and your choice is not just a tag line its vital you can access that experience so you know youre getting the right

application, the right compliance at the right time.

PRODUCT INDEPENDENCE.

Onsite employs product experts for all products in all areas. We also stay 100% independent of manufacturers to ensure our product specialists are free to offer unbiased advice to our customers
