ROUNDEL CIVIL PRODUCTS PTY LTD

Roundel designs, manufactures and supplies corrugated metal steel pipes used as drainage culverts in road and rail infrastructure projects.

Summary

Roundel Civil Products is the leading supplier of corrugated metal pipes and bolted, corrugated-plate structures in Australia. We design, manufacture and supply a comprehensive range of these structures for

use in road and rail infrastructure, natural resource and construction projects.

Description

Roundel designs, manufactures and supplies corrugated metal steel pipes used as drainage culverts in road and rail infrastructure projects. We also design and supply bolted, corrugated steel arches for use as underpasses, decline tunnels, stockpile conveyor tunnels and bridges. Roundel is the leading on-site manufacturer of CMP culverts in Australia with considerable experience in on-site manufacture in remote locations. Both our CMP culverts and bolted,

corrugated steel arches are designed and manufactured to AS/NZS 2041:2011.

We have fixed manufacturing operations in Perth and Tom Price, WA, Townsville and Capella, QLD and in Blayney, NSW. In addition we have a number of 3 mobile pipe mills for on-site manufacture of CMP culverts.

ROUNDEL CIVIL PRODUCTS PTY LTD

Products & Services

- Corrugated steel pipes ('CSP');
