

Tanami Expansion 2 (TE 2) Project - EXPRESSION OF INTEREST (EOI)

Project Overview: The Newmont Tanami Operation (NTO) is located in the Tanami Desert of the Northern Territory approximately 530 km north west of Alice Springs. The Brownfields mining operations are located at the Dead Bullock Soak (DBS) area approximately 42 km to the west of the Granites. The nearest settlement is Yuendumu some 250 km southeast of The Granites. The Tanami Expansion 2 (TE 2) Project consists of expanding the mining infrastructure at Newmont Goldcorp Tanami Operations and potential increase of current ore production rate from its current nominal 2.6 Mtpa.

Package Title: Fixed Plant Workshop

Reference: C4012

Package Description: The scope of this package covers detailed design, construction and commissioning of a fixed plant workshop. This Scope includes civil, structural, mechanical, piping, electrical and instrumentation/communication/building fire services disciplines. The package includes:

- Main Workshop Building
 - Circa 36m(l) x 18m(w) x 10m(h)
 - clad steel frame construction
 - floor divided into boilermaker, mechanical and electrical areas.
 - Truck drive through
 - Fitted with a 20t overhead crane capable of lifting the heaviest components with sufficient clearance (≈ 7 m) within the workshop
 - Ventilation (maximise natural ventilation)
 - Outdoor covered work area (for significant welding)
- Ancillary rooms connected to main workshop building:
 - Single storey, clad steel frame construction
 - 5 x Storerooms (each circa 6m x 4.5m)
 - Boiler maker, Lube, Mechanical, Parts, Electrical;
 - Electrical clean room (circa 8m x 4.5m) (pressurised for work on circuit boards);
 - Meeting room (circa 8m x 4.5m)
 - Open plan office area(circa 16m x 8m)
 - Crib Room (circa 8m x 6m);
 - Male and Female Ablutions; (circa 8m x 6m total)
 - Pre-start meeting areas (2 x 8m x 4.5m)

Contractors are to supply all labour, equipment and consumables to facilitate the works.

A layout and elevations will be provided with the tender showing required facility.

Key Information to be included in the EOI:	<p>Package may be awarded as the complete facility, main workshop building only or a combination of main workshop and partial ancillary facilities. Tenderers will be required to provide cost breakdown to enable customer optimisation of included scope relative to project budget.</p> <p>In accordance with Newmont’s commitment to building local and Indigenous capacity in the region, the tender evaluation will include a weighting for utilising local regional businesses in the Northern Territory.</p> <p>Newmont reserve the right to combine this package and or parts of this package with any other project package.</p> <p>Must provide a draft Indigenous Relations Management Plan.</p> <p>Must provide resourcing information specific for the contract package.</p> <p>Must be able to demonstrate how to meet construction environmental commitments and provide evidence from other projects. Evidence to be supported with key past client reference people and their contact details</p> <p>Must provide details of a Safety Management system and records of previous safety performance such as LTIFR and RIFR.</p> <p>Must provide details of a Quality Management system and records of previous performance.</p>
Key Milestones:	<p>Tenderers Release Date: Sep 2022</p> <p>Target Contract Award Date: Feb 2023</p> <p>Completion: Apr 2024</p>
Expression of Interest:	<p>Contractors are invited to express an interest in this package by registering on the ICN Gateway online platform. Please ensure your ICN company profile is up to date before registering your expression of interest.</p>
EOI Closing Date:	<p>24 Jul 2022</p>
