

WMP-CON-308, Supply of Mining Fleet Tyres to Site and Provision of Wheel and Rim Services on Site

Package Summary

OZ Minerals Musgrave Operations Pty Ltd (OZ Minerals) believes technology solutions enable a proactive response to the accelerated focus on ESG and are recognised as a critical enabler to accelerate our Strategic Aspirations of being a data driven, Modern Mining Company that ethically and responsibly explores and mines minerals to contribute to a low carbon future. Our technology focus and innovative approach include health and safety, decarbonisation and electrification, process and decision intelligence, automation, and low-impact operating ways of working.

OZ Minerals is seeking to engage the services of experienced and suitably qualified suppliers and service providers for the following:

Scope of Works

- Tyre supply and technical support for the West Musgrave mining fleet including, ~16 x 220t class haul trucks, a large ROM loader and ancillary equipment to support the mine including rubber tyred dozers, graders, loaders and watercarts;
- Offsite tyre support services including storage, fitting, rim and wheel maintenance;
- Full onsite tyre management services including tyres, rim, and wheel maintenance, tooling, equipment, and consumable equipment; and
- Financing for a suitable tyre maintenance facility finance solution with flexibility to supply via a suite of own, operate and transfer models.

An essential element of the evaluation, selection, and commercial structure will be for the suppliers/service providers to demonstrate:

- current and future capability to supply tyres to meet the needs of a highly productive autonomous mining fleet;
- extensive experiences in the delivery of site-based storage, fitting, rim and wheel maintenance services to a mining fleet;
- tyre management systems which are data driven to improve fleet reliability, productivity, and efficiency; and
- innovative solutions to minimise the number of site-based workers.

A modern mining company

OZ Minerals may contract the entirety of the supply to a single supplier or split the works package across several suppliers based on a best for project approach

Next Steps

On the receipt of EOI's, OZ Minerals will review and on short-listing, formally advise each successful contractor/supplier that they will be invited to participate in a formal request for proposal process (RFP).

OZ Minerals will issue RFP documents to successful suppliers in late Q1 2023.

Submission of Expression of Interest (EOI)

OZ Minerals invites capable and experienced Contractor/Suppliers, who align with our '[OZ Way](#)' of working to register their EOI, clearly identifying their capability to be execute the scope of works.

OZ Minerals will use the EOIs to improve our understanding of market capability and interest. Suitable Registrants may subsequently be invited to submit a tender for this package.

Please express your interest by completing the [West Musgrave Supplier Registration](#). EOIs without a completed West Musgrave Supplier Registration will not be considered.

Please email WMPCCommercial@ozminerals.com should you have any questions.
