

CHEVRON AUSTRALIA OPERATIONS

TITLE: Heating Ventilation & Air Conditioning (HVAC) Services

DESCRIPTION: Chevron Australia is seeking expressions of interest for a specialist onsite Heating Ventilation & Air Conditioning (HVAC) contractor for the provision of onsite HVAC system and associated equipment maintenance, including the safe and suitably environmentally friendly disposal of used equipment, testing services and associated engineering support functions.

HVAC Services are to be provided to Company's Australasian Strategic Business Unit (ABU) including but not limited to WA Oil Asset Operations at Barrow Island, Gorgon LNG Facility, Wheatstone LNG Facility, Wheatstone Offshore Platform and Company operated mainland facilities and any Contractor operated facility that is used for the provision of Services.

The Services will include:

- Execution of assurance tasks;
- General maintenance, fault finding and troubleshooting services;
- Design, manufacture & supply of equipment and spare parts;
- Installation/Commissioning;
- Decommissioning;
- Disposal of related equipment;
- Recommendation of spare parts required for planned and unplanned maintenance;
- Provision of maintenance and repair activities at Company area of operations and Contractors workshop (offsite);
- Setup of Refrigeration Register; and
- Management along with associated equipment in line/personnel qualified in accordance with Australian Refrigeration Council licensing (ARCTIC).
