

WE INVITE YOU TO REGISTER YOUR INTEREST TO SUPPLY THE EVA COPPER MINE PROJECT

As a greenfield project, the Eva Copper Mine Project presents a great opportunity for big and small business to benefit from its diverse procurement prospects. Harmony is especially focused on supporting operators in North West Queensland and First Nations businesses to thrive.

If you are interested in becoming a supplier, please complete our expression of interest form on the ICN (Industry Capability Network) Gateway. We use the ICN Gateway to communicate work package opportunities.

ABOUT THE PROJECT

Harmony acquired the project and 16 exploration tenements in December 2022.

Our aim is to design, construct and operate the Eva Copper mine 75km north of Cloncurry on the traditional lands of the Kalkadoon People.

We are taking 2023 to validate and confirm the design and execution plan, and present a Final Investment Decision to our Board.

We anticipate it will take two to three years to construct, commission and achieve nameplate production, with commercial levels of production expected in 2026.

HOW TO REGISTER

- + Access the Eva Copper page on the ICN Gateway at <https://tinyurl.com/45cyd972> or scan the QR code
- + Click work packages | 2023 Local EOI Campaign | Sign in or register with ICN Gateway.
- + Allow about 15 minutes to complete the form.
- + Have your business details and capability statement on hand.
- + You will need to complete the form in one sitting as there is no option to save before submitting.
- + All information is to be provided via the ICN Gateway. If you have any trouble accessing the ICN Gateway, contact helpdesk@icn.org.au
- + Harmony will treat the information you provide with the strictest confidence.

AFTER REGISTERING

The information you provide will help us to understand your business, the goods and services you provide and the procurement potential for Eva Copper.

Our Procurement team will be in touch to discuss the next steps.
