

Package No:	n/a
Package Name:	Offshore Support Vessels
Scope of Work	<p>The Barossa project will require various offshore support vessels during operations. The nature of the offshore support will be:</p> <ol style="list-style-type: none"> 1) Crew Boat A crew boat is required to take up to 20pax between Darwin Port and Subsea7 Vessels at anchorage. The vessel will be needed during offshore operations between Q1-Q3 2024, and again in H1 2025. <p>Crew transfer of up to 6 or 12 pax is also expected between Heavy Lift Vessels and Subsea7 Construction Vessels anchored both within port limits and ~3km outside port limits. The vessel will be needed for 3 periods of approximately 4 days each where it will complete 1 run to/from the vessel every 12hrs.</p> <p>These 2 requirements can be met by the same vessel or separate vessels.</p> <ol style="list-style-type: none"> 2) PSV for Vessel Support To provide food/fuel/jet fuel/waste transfers services between Darwin and the Barossa field throughout Subsea7's offshore operations phase between Q1-Q3 2024, and again in H1 2025. 3) PSV for MEG transport The PSV shall be capable of storing, transporting and transferring (to Subsea7's vessel) between 100 to 300 m3 of MEG in internal tanks (Brine / MEG tanks). This requirement is not expected until Q2/Q3 2024. <p>General Vessel/ AHT Requirements:</p> <ul style="list-style-type: none"> • Vessel Inspection: MWS & OVID • Safety Management & HSE: to meets the projects safety objectives <p>Mandatory requirements:</p> <ul style="list-style-type: none"> • Supplier must have <u>confirmed access</u> to vessel if not owned. <u>Preference will be given to vessel owners.</u> • <u>Please provide vessel particulars/brochure when responding to this enquiry.</u> • Supplier must be able to confirm vessel availability for the indicated dates. • Vessel and crew must have legal rights to operate within Australian waters <p>Nature of Enquiry and Award conditions:</p> <ul style="list-style-type: none"> • This is a general enquiry for offshore support vessels to meet the above requirements. • Subsea7 is looking for suppliers who can provide all vessels or individual vessel types as listed in items 1 to 3 above • Subsea7 reserves the right to split and award the packages on an individual basis as it sees fit. <p>Contract Award: H1 2024 through to H2 2025 Delivery: Various phases of offshore campaign between Q1 2024 through to Q3 2025</p>

Project Registration

Santos is committed to ensuring Australian Industry full, fair and reasonable opportunity to participate in the Barossa Offshore Project. Expressions of Interest are invited from contractors and suppliers with the relevant capability and capacity to undertake the scope of work.

This is a request for specific expressions of interest. Contractors and suppliers will be considered for prequalification and tender if suitably qualified against this package.

Note that an important part of the project registration process is to register an Expression of Interest at the correct Scope level.

Scope level definition:

Full scope: Able to produce / supply all of the package.

Partial scope: Able to produce / supply one or more of the sub-packages.

All registrations are to be completed via ICN Gateway BarossaOffshore.icn.org.au. Please contact the ICNNT if registration assistance is required. Contact details: (08) 8922 9422 or admin@icnnt.org.au.
