Project Title: Snowy 2.0 – Future Generation Joint Venture

Project Description: Webuild, Clough and Lane trading as Future Generation Joint Venture (Future Gen) is a main contractor of Snowy 2.0 EPC Project. The Project is a pumped hydro project that will increase the generation capacity of the Snowy Mountains Scheme by up to 2,000MW and at full capacity will provide approximately 350,000MW/h of energy storage. The project includes all activities associated with the requirements for the Snowy 2.0 Pumped Hydro-electric Scheme.

Opportunity Title: Future Generation Joint Venture (FGJV) would like to engage a company with proven experience providing traffic control services across the project.

Opportunity Description: The vendor is required to state its interest for the for the “on-site” and “off-site” Traffic Control Services stating from October `23 to September `26

- Provision of a tentative number of #5 qualified Stationary Traffic Controllers on a 14/7 roster. Services will be performed “on-site” @ Lobs Hole, Tantangara and Marica Construction Sites
- Provision of “on call” qualified Pilots to perform “off-site” services. The number might change in accordance with the FGJV’s requirement
- Mandatory requirements (for both “on-site” and “off-site” Services):
 - provision of mine-spec Light Vehicles fit with UHF Radio and IVMS geo-localization and tracking system
 - any kind of temporary signage, flags, lighting systems, barricade etc... to perform services in accordance with Authorities` and Project specific requirements
 - PPE fit for purpose
 - LVs fuel and maintenance
 - Induction, medical, Police clearance, transport to/from Site, LAFHA, 12 hours working/day (07:00-17:00)
- Board & Lodging of personnel involved on “off-site” services (for “on-site” services B&L is on FGJV side)
- Provision of Site Induction and Onboarding for all Personnel
- To comply with quality and safety requirements of the project.

Requirements: FGJV requires Vendor:

- to provide evidence of similar experience in the Business Industry
- to provide evidence of the required government or industry certifications, licenses, associations and/or insurances to deliver the opportunity.
- to be financially viable and can demonstrate commercial value.

- to demonstrate a strong commitment to training and retaining a local workforce.
- to have an excellent track record in employing and progressing the careers of Indigenous people
- to progressively finding ways to develop the careers of women, veterans, and people with disabilities.
- Treat the environment they are working in with respect and consideration.
- To have EBA in place

General Information:

FGJV will consider all ICN Registrations where:

- The business demonstrates through their response a clear capability against the key requirements.
- The business completes a response to all Future Gen questions and/or Future Gen documentation
- The businesses ICN profile is up to date and complete.
- The registration is complete prior to any closing date.
- The business operates in Australia and is a registered Australian business.

Local & Regional Content:

FGJV strongly encourages businesses who have head offices and/or dedicated premises with the appropriate Local Government approvals from the following regions:

- Snowy Monaro Regional Council Local Government Area.
- Snowy Valleys Council Local Government Area.
- Furthermore, Future Gen strongly encourages Aboriginal and Torres Strait Islander businesses to submit applications.

Notes:

FGJV will obtain ongoing reporting from ICN on a regular basis.

FGJV will review all registrations, noting that any incomplete registration will be excluded from consideration.

Further involvement may range from a request for a follow-up meeting; request to prequalify, through to request for tender.

Submitting a registration of interest does not guarantee that the supplier will be selected for prequalification or tender opportunities.
