

Kemerton Lithium Project – Expression of Interest

Project Overview: Albemarle Lithium Pty Ltd (Albemarle) operates a lithium hydroxide plant, and associated infrastructure, within the Kemerton Strategic Industrial Area (KSIA), approximately 17 kilometres north-east of Bunbury. The Kemerton facility is approved for up to five processing trains and the associated reagent plant, utilities, and infrastructure. Phase 1 of the development consists of two process trains (trains 1 and 2). The Kemerton Expansion Project is Phase 2 of the development of the Kemerton facility and involves adding two additional processing trains (trains 3 and 4) and expanding the reagent and utility infrastructure where necessary, to essentially double the existing plant's production capacity.

Package Title: Site Surveying Services

Reference: SC120

Package Description: Scope of supply comprises;

Providing check survey services on a 'call out' basis for the Project including drone overflight of construction progress on site, independent check of the control survey, quantitative checks of other contractor's works to verify progress and checks for verification of completed works.
