Project Title: Snowy 2.0 – Future Generation Joint Venture

Project Description: Webuild, Clough and Lane trading as Future Generation Joint Venture (Future Gen) is a main contractor of Snowy 2.0 EPC Project. The Project is a pumped hydro project that will increase the generation capacity of the Snowy Mountains Scheme by up to 2,000MW and at full capacity will provide approximately 350,000MW/h of energy storage. The project includes all activities associated with the requirements for the Snowy 2.0 Pumped Hydro-electric Scheme.

Opportunity Title: Future Generation Joint Venture (FGJV) would like to engage a company with proven experience design, fabrication, supply, and erection of industrial shed.

Opportunity Description: The vendor is required to state its interest for the for the scope of “design, fabrication, supply, and erection of shed for slurry and asbestos treatment plant at Tantangara”.

- This Scope of Work (SoW) covers the design, fabrication, supply, and erection of a special airtight shed that complies with Asbestos safe handling and containment standards, which is to be built around the existing Slurry Treatment Plant (STP) at Tantangara, for the plant to treat potential asbestos content. Total shed area is approximately 7100 m2.
- The scope of works includes primary and secondary steel structure, cladding (roof, external walls & internal walls), emergency doors, sliding doors, openings for material airlock, openings for personnel airlock, opening for utility services and electrical lighting. The footing designs must consider all the existing services around the STP.
- Design coordination with other trades and coordination meetings with the Contractor.
- Supply complete system with all structural steel frames, anchorages, connections, anchorage and assembly / tensioning tools.
- Modular design, packing and transportation to nominated site laydown.
- Installation, testing and commissioning of the shed in accordance with NSW safe work regulations.
- The subcontractor is responsible for designing all footings for the STP shed
- Provision of Site Induction and Onboarding for all Personnel.
- To comply with quality and safety requirement of the project.

Requirements: FGJV requires Vendor:
- to provide evidence of similar experience in the Business Industry

- to provide evidence of the required government or industry certifications, licenses, associations and/or insurances to deliver the opportunity.
- to be financially viable and can demonstrate commercial value.
- to demonstrate a strong commitment to training and retaining a local workforce.
- to have an excellent track record in employing and progressing the careers of Indigenous people
- to progressively finding ways to develop the careers of women, veterans, and people with disabilities.
- Treat the environment they are working in with respect and consideration.
- To have Enterprise Bargaining Agreement in place

General Information:

FGJV will consider all ICN Registrations where:

- The business demonstrates through their response a clear capability against the key requirements.
- The business completes a response to all Future Gen questions and/or Future Gen documentation
- The businesses ICN profile is up to date and complete.
- The registration is complete prior to any closing date.
- The business operates in Australia and is a registered Australian business.

Local & Regional Content:

FGJV strongly encourages businesses who have head offices and/or dedicated premises with the appropriate Local Government approvals from the following regions:

- Snowy Monaro Regional Council Local Government Area.
- Snowy Valleys Council Local Government Area.
- Furthermore, Future Gen strongly encourages Aboriginal and Torres Strait Islander businesses to submit applications.

Notes:

FGJV will obtain ongoing reporting from ICN on a regular basis.

FGJV will review all registrations, noting that any incomplete registration will be excluded from consideration.

Further involvement may range from a request for a follow up meeting; request to prequalify, through to request for tender.

Submitting a registration of interest does not guarantee that the supplier will be selected for prequalification or tender opportunities.
