

PROJECT EXPRESSION OF INTEREST

Date: 13/11/2023

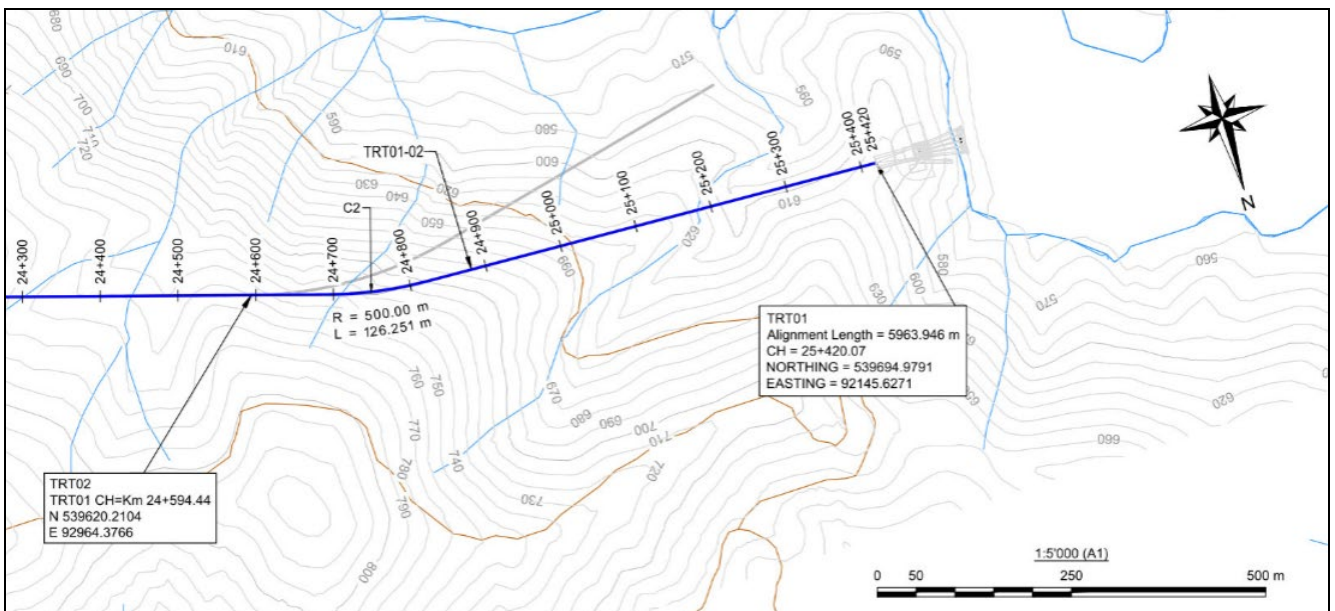

Project Title: Snowy 2.0 – Future Generation Joint Venture

Project Description: Webuild, Clough and Lane trading as Future Generation Joint Venture (Future Gen) is a main contractor of Snowy 2.0 EPC Project. The Project is a pumped hydro project that will increase the generation capacity of the Snowy Mountains Scheme by up to 2,000MW and at full capacity will provide approximately 350,000MW/h of energy storage. The project includes all activities associated with the requirements for the Snowy 2.0 Pumped Hydro-electric Scheme.

Opportunity Title: Future Generation Joint Venture (FGJV) would like to engage a company with proven experience in underground excavation for Tailrace Tunnel & Junction by drill and blast method.

Opportunity Description: The vendor is required to state its interest for the for the following scope of underground excavation,

Drill and blast; ground support installation, including shotcrete applications; load and haul; management of underground services, and instruments; construction verification and survey control for the construction of Talbingo's Tailrace Tunnel, Y-Junction and Transition Tunnel (as per below Figure), in accordance with the relevant drawings and Employer Requirements provided by the Contractor.

The Subcontractor is responsible for all permanent and temporary works as required to complete the Work under the Contract. All temporary and permanent design will be provided by the FGJV. The scope for the Subcontractor includes the following:

- The initial access to the Y-Junction will be provided through a false tunnel situated at Talbingo's Adit Portal
- The D&B sections include the development of the Y-Junction, Tailrace Tunnel and the Transition Tunnel.
- The turn-out of the Y-Junction (TRT01) scope can commence once the TBM has progressed 200lm past TRT's Y-Junction.
- The specific rock conditions along the tunnel alignment are known with a non-uniform degree of uncertainty; therefore, the design approach is to define typical sections suitable to the geotechnical and geomechanical framework that may be passed through during the excavation.

Requirements:

FGJV requires Vendor:

- to provide evidence of similar experience in the Business Industry
- to provide evidence of the required government or industry certifications, licenses, associations and/or insurances to deliver the opportunity.
- to be financially viable and can demonstrate commercial value.
- to demonstrate a strong commitment to training and retaining a local workforce.
- to have an excellent track record in employing and progressing the careers of Indigenous people
- to progressively finding ways to develop the careers of women, veterans, and people with disabilities.
- Treat the environment they are working in with respect and consideration.
- To have Enterprise Bargaining Agreement in place

General Information:

FGJV will consider all ICN Registrations where:

- The business demonstrates through their response a clear capability against the key requirements.
- The business completes a response to all Future Gen questions and/or Future Gen documentation
- The businesses ICN profile is up to date and complete.
- The registration is complete prior to any closing date.
- The business operates in Australia and is a registered Australian business.

Local & Regional Content:

FGJV strongly encourages businesses who have head offices and/or dedicated premises with the appropriate Local Government approvals from the following regions:

- Snowy Monaro Regional Council Local Government Area.
- Snowy Valleys Council Local Government Area.
- Furthermore, Future Gen strongly encourages Aboriginal and Torres Strait Islander businesses to submit applications.

Notes:

FGJV will obtain ongoing reporting from ICN on a regular basis.

FGJV will review all registrations, noting that any incomplete registration will be excluded from consideration.

PROJECT EXPRESSION OF INTEREST

Further involvement may range from a request for a follow up meeting; request to prequalify, through to request for tender.

Submitting a registration of interest does not guarantee that the supplier will be selected for prequalification or tender opportunities.
