

<b>Package Title:</b>	<b>EVA Mining Lease &amp; Regional Drilling</b>
<b>Package Ref:</b>	<b>EOIP 8508</b>
<b>Harmony Overview</b>	<p>Harmony is a 70-year-old mining company headquartered in South Africa and listed on the Johannesburg and New York stock exchanges.</p> <p>In December 2022, Harmony acquired 100% of the Eva Copper Mine Project (“EVAMP”), a near-term copper project in North-West Queensland, Australia.</p> <p>Harmony is updating the feasibility study and progressing front end engineering definition prior to a final investment decision (FID). Once FID is achieved construction is expected to take approximately 24 months.</p>
<b>Project Overview:</b>	<p>Eva Copper Mine Project (EVAMP) is a multi-open pit sulphide and native copper mine that will produce a copper concentrate. The current feasibility assumes 240 million tonnes of ore. The copper concentrator will process copper concentrate through a conventional crushing, milling, gravity, and flotation plant, for the life-of-mine (LOM) duration.</p> <p>In parallel with Feasibility Update studies currently underway, the company is investigating resource growth upside for the project through resource definition and regional exploration drilling</p>
<b>Scoping Precip:</b>	<p>A drilling services provider with proven RC and deep diamond drilling capacity is sought for an extension of the current drill program. Since acquiring the project and commencing drilling in March 2023, over 63,000m has been drilled utilising 2 multipurpose rigs and a dedicated diamond drill rig.</p> <p>Harmony anticipate drilling a further 60,000m in CY2024, as part of developing orebody knowledge across all 12 of the Roseby Copper deposits (located on the EVAMP Mining Leases) and commencement of regional drill programs to test various prospect areas on the surrounding EPMS.</p>
<b>Specific Requirements</b>	<p>The selected Supplier is required to provide quality modern drilling rigs and ancillary equipment with advanced engineered safety controls. The selected supplier will also have a demonstrable record of leading safety performance in drilling operations, underpinned by an established Safety, Health, Environment, Management Plan and safety culture. Specific program aspects include:</p> <ul style="list-style-type: none"> <li>a) 5 ½ inch diameter RC drill holes and precollars up to 400m depth. Dayshift RC drilling only</li> <li>b) Diamond drill (triple tube) for planned depths up to 1300m. HQ3 core is preferred. PQ3 from surface and NQ3 (as rig capacity dictates) may be required. Oriented HQ &amp; NQ core + down hole gyro surveys required. Diamond drilling will be double shift</li> <li>c) 14/7 roster for drilling conducted on the Mining Leases</li> <li>d) Currently there are no accommodation facilities established onsite. Supplier to provide camp accommodation for drill crews and supervisors. Water required is sourced from established bores.</li> </ul> <p>The selected Supplier is expected to:</p> <ul style="list-style-type: none"> <li>a) Display a strong local presence that maximises opportunities for local personnel and businesses within the surrounding region.</li> <li>b) Work closely with the EVAMP team and the Traditional Owners of the land, the Kalkadoon people, to maximise opportunities for employment and training development.</li> </ul>

	<ul style="list-style-type: none"> <li>c) Comply with all the EVAMP policies and regulatory approvals issued.</li> <li>d) Undertake the works in accordance with the EVAMP Safety and Health Management System and all of its provisions in accordance with the Mining and Quarrying Safety and Health Act and Regulations, and all Environmental permits.</li> </ul>
<b>Expression of Interest (EOI):</b>	<p>Harmony invites expressions of interest (EOI) from capable and experienced suppliers that can demonstrate capability against the key requirements outlined as follows:</p> <ul style="list-style-type: none"> <li>a) History of completing both RC Drilling and Diamond Drilling</li> <li>b) Financial capabilities and cashflow required to support the works schedule</li> <li>c) Provide client reference details for delivery of like services.</li> <li>d) Comply with the Projects Australian Industry Participation Plan (AIPP) requirements found here:  <a href="https://www.industry.gov.au/sites/default/files/aip/2023-06/eva_copper_mine_-_updated_executive_summaries_5.6.23.pdf">https://www.industry.gov.au/sites/default/files/aip/2023-06/eva_copper_mine_-_updated_executive_summaries_5.6.23.pdf</a> </li> </ul> <p>We ask that you keep your expression of interest submission short, specifically addressing the following in your response:</p> <ul style="list-style-type: none"> <li>a) Response based on this Package of work: <ul style="list-style-type: none"> <li>(i) ABN, Company name, Registered address</li> <li>(ii) Contact details (name, email, mobile)</li> <li>(iii) Alternate point of contact details</li> <li>(iv) Headquarter and office locations</li> <li>(v) Company financials</li> <li>(vi) Local and indigenous engagement policies</li> <li>(vii) Proof of capabilities</li> <li>(viii) List of any proposed subcontractors</li> <li>(ix) Current resource availability over the next 4 months</li> <li>(x) Prior project information and capability statement</li> <li>(xi) Safety, Risk, Quality, and other accreditations</li> </ul> </li> </ul> <p>EVAMP will refer to the EOIs to assist in gauging its understanding of market capability and interest. Suitable EOI Registrants may be invited to submit a tender for this package.</p>
<b>EOI Closing Date:</b>	8 March 2024
<b>Forecast Commencement:</b>	At the time of publishing, this invitation to register an EOI, it is forecast the services will be required during Q2 2024
<b>Project Contact Officer:</b>	All communications in connection with this invitation to register an EOI for this package including clarification regarding this package or request for technical support in connection with the EOI or ICN Gateway, must be submitted to:
	<b>Nimmi Pushparajan</b> Procurement Engineering Specialist

	<b>ICN Queensland</b> M +61 (0) 410 816 445 E <a href="mailto:nimmi.pushparajan@icnqld.org.au">nimmi.pushparajan@icnqld.org.au</a>
<b>Project URL's:</b>	Details of additional Project opportunities will be published on the ICN Gateway at Eva Copper Project ( <a href="http://www.icn.org.au">www.icn.org.au</a> )
<b>Disclaimer:</b>	The information contained in this invitation to register an EOI is indicative only and subject to change at Harmony's discretion. It is intended to provide a brief outline of the relevant Supply which may be required on the Project and should be read in conjunction with the Project Description on the ICN Gateway.
