

PLUTO LNG TRAIN 2

SR No.	Pending
Title	Apprenticeships & Training
Work Description	<p>Provide qualified apprentices and ensure compliance to all processes, documentation and any other work necessary to comply with the relevant local, state and national requirements for the training of apprentice/trainees for the Pluto Train 2 LNG Project, located in Karratha, Western Australia.</p> <p>Pluto Train 2 LNG Project is inviting expression of interest from Group Training Organizations (GTOs) to submit their proposals for taking 14 to 16 apprentices under them in accordance with the Pluto Project Labor Agreement. The selected GTO will then become the Employer for these apprentices and be responsible for apprenticeship / training management and all contractual obligations, while Bechtel (Western Australia) Pty Ltd, will act as the Host Employer for these apprentices. These apprentices are currently employed with Bechtel (Western Australia) Pty Ltd as direct hires and intention is to move these under the selected GTO. The apprentices would complete at different intervals depending on their level of RPL and the practical tasks they can be engaged in on the Project, and GTO will be responsible for placing them under another Host Employer on Project completion.</p>
