

CHEVRON AUSTRALIA

TITLE: Environmental Services (Contract number – tbc)

DESCRIPTION: Chevron Australia is seeking an experienced Contractor with necessary capability, capacity and a demonstrated track-record to provide Environmental Services.

The services required encompass an important component of the present environmental program for Company's, Oil Asset Operations at Barrow and Thevenard Islands, the Gorgon Project and the Wheatstone Project, as well as associated projects. A brief description of each work scope is provided below.

The scope of work to include

- Marine and Marine Ecological services:
 - Marine environmental data acquisition, interpreting & reporting (including diving); and
 - Modelling (predictive).
- Terrestrial and Terrestrial Ecological services:
 - Turtle monitoring;
 - Technical representation and support;
 - Volunteer management;
 - Indicative Field Surveys and reporting;
(Nesting success, Satellite tracking, Beach temperature monitoring, Hatchling behaviour on the beach and in-water, Light monitoring and audits, Track census of beaches, Counts of turtle numbers on nesting on beaches utilizing volunteer taggers, Incident reporting, Other marine turtle studies.)
 - Terrestrial fauna, flora & vegetation surveys, interpreting and reporting; and
 - Subterranean fauna surveys, interpreting and reporting.
- Weed Management:
- Environmental Engineering services:
 - Light and air quality data acquisition, modelling, emissions monitoring, and reporting;
 - Noise & vibration data acquisition, modelling, monitoring and reporting;
 - HES HAZID and Risk assessment participation and facilitation; and
 - Waste Management Planning and Support.
- Contaminated site assessment and remediation:
 - Marine and terrestrial facilities decommissioning and site rehabilitation.
- Environmental Assessment and Management Services:
 - Environmental Management (Referrals, EIAs EMPs Social Impact Assessment);
 - Environmental Compliance Reporting; and
 - ESHIA process participation and facilitation.
- Provision of Personnel and Project Management:

- Additional scopes of environmental services:
 - Cultural Heritage investigation, assessment and engagement;
 - Project management; and
 - Other environmental services and/or works as required.
