

CHEVRON AUSTRALIA – OPERATIONS

TITLE: U-2186 - Subsea Equipment Storage, Maintenance and Preservation (Wheatstone)

DESCRIPTION: Chevron Australia is seeking expressions of interest from Contractors who have subsea equipment storage, maintenance and preservation capability (full or part), particularly in relation to:

- Subsea drilling systems;
- Manifold process systems;
- Connectors; and
- Well access systems.

Contractors are welcome to express their interest if they:

- Have experience storing, maintaining and preserving subsea equipment; or
- Are establishing capability in the storing, maintaining and preservation of subsea equipment.

The following information will also be sought from contractors expressing interest:

- Subsea equipment storage, maintenance and preservation capability;
- Location of storage facility and offices;
- Preferred subcontractors;
- Current workload; and
- Aboriginal employment opportunities.

CONTACT: Industry Capability Network of Western Australia –
