

CHEVRON AUSTRALIA - OPERATIONS

TITLE: U-3292 - Civil Services (Wheatstone)

DESCRIPTION: Chevron Australia is seeking expressions of interest from experienced local Onslow service providers with necessary capability, capacity and a demonstrated track-record to provide general civil works on Chevron's Oil and Gas Asset Operations at Ashburton North. This primarily includes the maintenance of sealed and unsealed roads, miscellaneous civil works and the supply of concrete.

A brief description of each work scope is provided below.

Scope of Work

- Supply of concrete:
 - Delivery of locally sourced concrete to work sites within the Wheatstone facility to ensure uninterrupted concrete supply as required;
 - NATA suitable testing as and when required.
- Road maintenance and upkeep including:
 - Road construction prior to sealing;
 - Road sealing and post sealing activities (i.e road marking, signage, road barriers); and
 - Road maintenance involving re-grading, rolling and compaction, and road repairs as directed.
- Maintenance of yards and other areas including:
 - Maintenance of laydown yards.
- Miscellaneous earth works and civil works including:
 - Bulk material haulage and handling;
 - Clear and grub topsoil from any new work areas;
 - Maintenance or installation of site perimeter fencing, gatehouse, muster stations and supporting services;
 - Maintain and upgrade firebreaks as required;
 - Soil Compaction testing in support of work;
 - Dust control and suppression;
 - Application of dust suppression product;
 - Storm water management and ongoing maintenance;
 - Maintain erosion protection;
 - Repair of any erosion of scouring; and
 - Dewatering and clean up after rain events.
- Survey Control, Set-out and Compliance Works
 - Accurately setting out and constructing the work to the lines and levels given on the Drawings and Data or as directed.
- Personnel required are to be skilled to operate across multiple areas of the work scope and include specialised skilled labour.
- Equipment is to be maintained and stored at Contractors own facility within Onslow.

Chevron Australia requires the services of a suitably experienced civil services provider with proven capability to provide for or recruit locally within Onslow.
